Bibhuprasad An Inspiration For Many

Bibhuprasad Maharana, a 30-year-old resident of Pipili has set an example for many. Bibhu, an enthusiastic person having keen interest in sports, unfortunately met with an accident in March 2022 where he suffered severe injuries on his right leg. Despite continuous treatment, the injuries turned septic and his right leg was amputated above the knee.

It has been noticed that most of the beneficiaries, who by any unfortunate reason lose their limb, go into depression but Bibhu never lost his hope. He always had a positive attitude that after receiving artificial limb he would become independent and live his life to the fullest. Being a scholar student, he started imparting tuitions to students at home and continued his studies too.

MLA Sri Rudra Maharathy got to know about Bibhu and discussed the same with Sri Rudra Samantaray, Joint Secretary, Odisha-Mo Parivar. Soon, Bibhu was guided to visit ARC, Capital Hospital and he was assisted by our helpdesk associate Alok and Jyoti during the entire procedure. After receiving prosthetic, the smile on his face reflected his

willingness to achieve his dreams in the near future.

He appealed every individual with disability not to get disheartened and stay positive. He said that if a person is surrounded with the right people and the right support, then he/she can overcome any hurdle that comes in his/her life.
